14 GZ 250 SUZUKI MOTORCYCLES

The Southern Tier Harley Dealer operates a motorcycle safety program, completion of which is required by NYS in order to get a license to operate a motorcycle. When someone enrolls in the MSF (Motorcycle Safety Foundation) program, they must train on a 250 motorcycle or larger. Southern Tier Harley uses GZ 250 Suzuki motorcycles. Every two years they purchase new ones for the school. We are auctioning 14 GZ 250 Suzuki Motorcycles; 13 are black 2004 with under 2,000 miles. The other 1 is a blue 2003 with less than 200 miles. All are in excellent condition. They have never been titled, are great beginner's bikes, ready for the road and get up to 80 mph. The reserve (starting bid) is \$1,200 on each, which is well below NADA book price.
